Business Surveys Establishment Register - 2004

Total Number of Establishments are those existing on the Register of Establishments for the years indicated. Please note that firms are not obligated to inform the CSO when operations have commenced or ceased and thus these totals do not reflect all the establishments operating in the economy. Data sources used are mainly secondary and the database is updated daily with information received from these sources.

Employment data is normally updated when the establishment is surveyed for a particular year and not all are surveyed in a year. As such the employment data stated are only for those where an employment figure existed.
